

C# Applications & Web Developer
Leeds, West Yorkshire
£Competitive Salary plus benefits

Datong PLC is a leading supplier of electronic surveillance equipment and software.

We are currently looking to recruit a talented and experienced Software Developer to join our Leeds based development group of 27 engineers. Multi-disciplinary project teams are used to develop innovative products for international markets. Working within a small company provides experience of all stages of the product lifecycle.

Possessing an honors degree in a relevant subject, the candidate will be a self starter with excellent technical experience and motivation. The role will involve the development of C# applications for desktop, mobile and web based systems. A strong background in web technologies is beneficial. Experience with geo-referenced information or mapping would be advantageous.

Most important is an enthusiasm for new technologies and an ability to learn quickly and contribute in a fast moving, innovative team environment.

Essential experience:

- 4+ years relevant commercial software development
- 2+ years C# / .NET
- .NET Windows Forms
- Demonstrable UI design

Beneficial experience:

- Web Development
- Silverlight
- GIS or Web Mapping
- Working alongside embedded software and hardware engineers

All employment at Datong is subject to UK security clearance.

Datong offers an attractive benefits package for the right candidate including:

- 25 days holiday, increasing with length of service
- Stakeholder pension after 3 months (company matches contribution 3-5%)
- Optional health cover after two years service
- Life assurance
- Annual bonus based on company performance
- Childcare Vouchers salary sacrifice scheme after 3 months
- Gym membership contribution of up to £20 per month

Datong has a strong growth record with a strategic plan for continued growth in the future through both organic expansion and acquisition. Further background on the company can be found at www.datong.co.uk.
